Are you a skilled translator with a strong command of Sinhala and Tamil? Join our team and play a vital role in ensuring accurate translation of job advertisements and enhancing language quality for an online platform!

Job Description:

As a Translator, you will contribute to the accurate translation of job advertisements from English to Sinhala and Tamil. Additionally, you will collaborate to improve the quality of translated content in an online platform.

Responsibilities:

- Accurately translate job advertisements from English to Sinhala and Tamil.
- Ensure the translated content maintains the intended meaning and context.
- Collaborate with cross-functional teams to review and improve translation quality.
- Assist in enhancing the language quality and clarity of translated content.
- Provide suggestions for terminology consistency and improvement.
- Identify cultural nuances and sensitivities to ensure accurate translation.
- Review and proofread translated content for grammar and coherence.
- Contribute to the development of translation guidelines and best practices.
- Participate in translation-related discussions and feedback sessions.

Required Qualifications:

- Bachelor's degree in Translation, Linguistics, or related fields.
- Minimum of 1 years of experience as a Translator or Language Specialist.
- Proficiency in English, Sinhala, and Tamil languages.
- Strong understanding of grammar, syntax, and cultural contexts.
- Attention to detail and commitment to accuracy in translation.
- Excellent written communication skills in English, Sinhala, and Tamil.
- Familiarity with translation software and tools is advantageous.
- Ability to work collaboratively in a multicultural environment.
- Previous experience in language quality enhancement is a plus.
